5	of 8	Update	Is this project Required?	Can project be delayed?	Water Pumps and Pumphouse Rehabilitation		
Project Rating	Department		Yes	Yes			
Required	Public Works		Is the project APPROVED for Fiscal Year 2026?			FUNDED?	
Summary Description and rationale of project and funding sources:							
Missoula Water's last Facility Plan in 2018 identified approximately a \$9 million backlog in pumping systems and building repairs. These costs have escalated more than 50% since that plan was completed. Missoula Water has more than 40 wells and more than 20 booster pumping stations, many of which are in poor condition. Missoula Water desires to address this maintenance backlog over the next 20 years using enterprise funds.							
History & Current Status: Impact if Cancelled or Delayed							
Missoula Water made significant progress in FY25 and will continue building on this progress in FY26. These projects would be funded with water enterprise funds
