

City Council Proposed Budget Changes Form (AMENDMENTS)

Fiscal Year 2026 - Due Monday, August 4, 2025 (end of day)

Council member name: CAMPBELL

Short Title: FUND MPD'S DIGITAL EVIDENCE TOOL / EXTRACTION SOFTWARE

Please describe the request and community benefit

This is a software tool to use with existing "Greykey" extraction device, allowing for time-specific data extraction from mobile / electronic devices. Current District Court rulings are requiring time specificity as part of search warrant requirements when looking for data in electronic devices. Additionally, this tool would give MPD the two-extraction corroboration Courts are looking for in terms of admissibility of evidence. MPD's ICAC (Internet Crimes Against Children) section works closely with the digital forensics detective, given the nature of those crimes. As such, this tool will ensure MPD is following "best practices" with these investigations.

Please prioritize/rank this request in relation to the total number of requests you've submitted (ex. Rank 2 of 4)
